In 1961 a group of local baseball enthusiasts came together to help support Berks County youth baseball leagues. Over the years it has grown to include softball. And now as we celebrate 60 plus years we proudly recognize Berks County high school baseball and softball champions as well as American Legion champs.

The Reading Hot Stovers, is an all-volunteer nonprofit organization. Over the decades, with the help of generous donors and sponsors we have been able to award close to \$200K in scholarships to Berks County student athletes who excel on the field, in the classroom, and in the community. We are proud of our legacy. We are proud of our youth.

Reading Hot Stovers Scholarship Legacy Fund

Hello baseball and softball fans,

Bill Wagner here, you may know me from my 16-year MLB career as a pitcher for the Houston Astros, Philadelphia Phillies, New York Mets, Boston Red Sox, and Atlanta Braves. I am writing to ask for your support of the Reading Hot Stover's Scholarship Legacy Fund. The Scholarship Legacy Fund was created to help fund college scholarships for Berks County high school baseball and softball players. This year I am pleased to be the Honorary Chairperson of this fund and am inviting you to help make the 2024 campaign a success.

Since 1961 the Reading Hot Stovers, a 501(c)(3) nonprofit organization, has been committed to supporting, recognizing, and celebrating Berks County high school baseball players, softball players, and teams. On January 16th, 2025, at our 63rd Annual

Awards Banquet, at the DoubleTree by Hilton Hotel Reading, we will, once again, award multiple college scholarships to Berks County baseball and softball players who excel on the field, in the classroom, and in the community.

As we celebrate our legacy, we would like to invite you to partner with us to create your own legacy. The Reading Hot Stovers is offering the opportunity for you to support Berks County high school baseball and softball student athletes through our Legacy Fund.

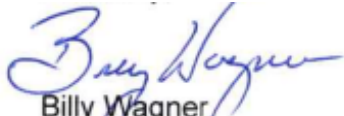

Your support of the Reading Hot Stovers' Scholarship Legacy Fund will assist the Reading Hot Stovers in providing college scholarships to graduating Berks County high school seniors to help them further their education. You can help create a legacy by donating to the fund. Suggested donations are \$100, \$250, or \$500. In addition, a limited number of Named Scholarship Legacy Fund opportunities are available at the \$1500 level.

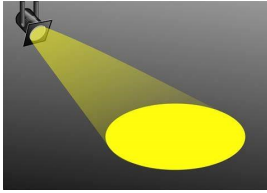

All Scholarship Legacy Fund donors will receive special recognition for their generous donation at our Annual Awards Banquet. Named Scholarship Legacy Fund donors will be invited to a private pre-banquet reception with our guest speakers.

As we enter our 64th year as a Berks County based non-profit, we would like to thank our supporters who have made it possible for us to award more than \$225,000 in scholarships. We are proud to support student athletes as they pursue their dreams. We appreciate your consideration of this opportunity to make a difference in the life of a Berks County student athlete.

Sincerely,

Billy Wagner

Spot light on Our Award Winners

We had an opportunity to catch up with the 2024 Reading Hot Stovers Randy Gumpert Scholarship winner Morgan Herb at a recent Fightin' Phils game. Morgan, and fellow 2024 scholarship winner Marisa Berger, were on hand to throw out the first pitch. Morgan has just finished up her freshman year at Kutztown University where she is majoring in Environmental Science and playing softball. As is the standard, she didn't play much her Freshman year; however, she did pitch 1.2 successful innings. She hopes to see the field more during her sophomore season. Currently she is preparing for Fall Ball, where she will get the chance to play different teams from the region and log some innings, before her official sophomore season begins. When we spoke with Morgan her final grades were pending but she hopes to make Dean's List. The Hot Stovers wish Morgan continued success, we hope she makes the Dean's List and has a successful Sophomore year.

Great Job Morgan!

Good Luck this coming year
